CLIENT ALERT

Mandatory New York State Anti-Harassment Training – For All Employees

Dear Clients and Friends:

The deadline is fast approaching for completion of the mandatory New York State anti-harassment training for all employees. If you have not already done so, you need to act now to secure and complete training for your employees before October 9, 2019. HH&K has a variety of training options available to meet your needs, and we have some slots for training available prior to the deadline. We also recognize our training is not for everyone, and are willing to assist you in finding training appropriate for your business.

We also want to remind you to mark your calendar for the morning of October 16, 2019. This will be our annual labor and employment law update through the Greater Binghamton Chamber of Commerce. We will be sending out information about registration and details on the program after the Labor Day weekend.

We wish you a great weekend and look forward to working with you more this fall. As always, if you have any questions about the law or any other matters, please contact us:
